Credits:
This EP is the second work containing just coverversions. Again there was no commercial intention.

1. Sadistic years:
Written by K. Cook, T. Ferris, D.Russell
Band: Moev
Album: Head down
Moev is a very underrated project from Canada. When I heard the album "Head down" for the first time, I knew this would be an influence to my own music (which didn't even began in 1990).

2. In power we entrust the love advocated:
Written by: L. Gerrard, B. Perry, J. Pinker, S. Rodger, P. Ulrich
Band: Dead can dance
Album: Dead can dance
An early work of the band. I like the lyrics and the atmosphere.

3. Provision:
Written by: R. Fulber, B. Leeb
Band: Front line assembly
Album: Caustic grip
A powerful track which had some elements of a pop-track in it. I tried to intensify these elements.

4. This twilight garden:
Written by: P. Bamonte, S. Gallup, R. Smith, P. Thompson, B. Williams
Band: The Cure
Album: B-side of "High"

I made a slightly different coverversion for someone else but I wasn't released. So I took this as a basis for my own version.

5. Something I can never have:
Written by: T. Reznor
Band: Nine inch nails
Album: Pretty hate machine
A very intense ballad which always was one of my favourites.

Re-recorded, performed, mixed and mastered by RI.
Cover by Olaf Jürß.
