Tracks 1. - 5. were first recorded in 1992 and reworked in 2015.

"One more day" originally appeared on the tape "Facts and illusions".

"The colours die" and "Anxiety" originally appeared on the tape "Calls of despair".

"Captive" and "All we have" originally appeared on the tape "Reflections".

I tried to stay faithful to the original tracks with the intention to rework them the way they should have sounded back in 1992.

Re-written and re-produced by RI. All instruments by RI, except "Backward mode" by TWICE A MAN. Original version appears on the album "Works on yellow" from 1986.

Recorded, mixed and mastered by RI at Science2.

Artwork by RI.
